

Press release

Binder+Co AG Management Board enlarged

Binder+Co AG Management Board enlarged

Gleisdorf, 26 August 2015

With effect from 1 September 2015, a third member is to be added to the Management Board team of the Styria-based machinery and plant manufacturer Binder+Co. The responsibilities of the new appointee, Johannes Pohl, will not only include the opening up of new markets, in particular in the USA, but also the marketing of new products. The main priority in this connection is the BUBLON process for the production of a purely natural base material for manufacturers in the construction, insulation and soundproofing materials industry.

A graduate industrial engineer, Johannes Pohl was previously employed in a number of managerial functions at the KOMPTECH recycling machinery production company and among other assignments established the American subsidiary of this globally active group.

Karl Grabner, from the Binder+Co Management Board: "For Binder+Co as a medium-sized company, international expansion represents a special challenge to which we have now responded with the appointment to the Management Board of a new, third member. We are delighted that with Johannes Pohl we are able to welcome a team colleague with such extensive experience in sales management and strategic market development."

The Binder+Co Group

Binder+Co is a specialist in the field of processing, environmental and packaging technology and the world market leader in the screening and glass recycling segments. The company was listed on the Vienna Stock Exchange at the end of 2006 and is now part of the Third Market in the mid market segment. The Binder+Co Group consists of Binder+Co AG, the three fully owned subsidiaries Comec-Binder S.r.l., Bublon GmbH and Binder+Co Machinery (Tianjin) Ltd., as well as the Statec Binder GmbH joint venture (50.7%).
